DC is a one side recording jurisdiction. Plus, she was warned that her calls to Frederick may be played before the Court.

Oksana is obstructing Frederick's ability to attend the October 9, 2025 hearing via Webex by changing the password on the WiFi that he needs a the marital DC condo. She used the customer web portal for XFinity.com from 1000 miles away. Frederick now has to use his slower Verizon phone Hotspot.

Both Oksana and Frederick should stay where they are now with workable internet until after the October 9th hearing which should be as calm and orderly as a physical Court
not 2 opposing parties in a small disputedly marital condo.

On October 6, 8:38 Frederick asked Oksana's Attorney Robert Liotta to prevent Oksana's obstruction
offering to fly her from Fairfield Iowa to Washington DC for free after the October 9 hearing.

Oksana says she will fly from our Iowa house where she has excellent internet to our DC condo to put me out (as 2 Police declined to on 9/11/2025) and disrupt our October 9 hearing. She may appear to Judge Ross as the disruptor of his orderly Court. I will fly her here if she will wait until say Oct 15 to get an inexpensive flight.
Frederick Shaddock

Please ask her to restore our marital Harbour Square S-316 password to what it was using the Xfinity web site from Iowa. Or the Judge may.

Frederick may use a work around, such as going to a Starbucks WiFi but the environment will be noisy and distracting.

Oksana has a quiet environment in her room at the Fairfield Iowa house with fast, fiber internet that she has used for months for work. Both Frederick and Oksana are fine where they are, for October 9.

If Oksana is at the DC condo with Frederick, she may well try to throw his belongings into the hall way, then lock the door when he goes to retrieve them, separating him from his laptop computer and access. This is an extra-judicial, 0 day notice, eviction.

If Oksana is here, Frederick may well have to sleep on the couch, and not be well rested for the hearing.

This shows Oksana's desperation to avoid a *Lis Pendens* and declaration that the DC condo is marital property subject to division upon divorce.

Her actions only make divorce more likely. A ruling clarifying that the condo is marital property, just like the Fairfield Iowa house is, will have a positive effect on their marriage.
